## **POWER FAILURE TORCH**

Dear Customer,

Thank you for purchasing the Mains Plug in Power Failure LED Torch.

### **CHARGING:**

- Plug the Power failure cradle into a 3-pin wall socket.
- Charging begins immediately once the torch has been inserted into the cradle, and stops automatically once the battery is fully charged.
- Press the ON/OFF button to use the Night Light.

## **BATTERY WARNING INFORMATION:**

- Do **NOT** dispose battery into fire or dismantle it under any conditions.
- Do **NOT** short circuit the battery – Permanent damage to the battery or device may result.
- Never attempt to use the battery provided for other products.
- Never leave the unit in extremely high or low temperatures while charging.
- Extreme discharge may affect the service life of the battery.
- Do **NOT** dispose of the battery in household waste. Check with your Local authority for appropriate recycling advice.
